

PART III

SECTION 6C (Subject to IOC Confirmation)

**YOUTH OLYMPIC GAMES
STATEMENT OF BADMINTON'S REQUIREMENT**

The purpose of this Statement is to act as:

- an aid to bidding cities
- a reference against which the plans of cities hosting the Youth Olympic Games will be measured

The Statement is not exhaustive, in the sense that it does not necessarily include responsibilities and obligations placed on the Organising Committee for the Games by the International Olympic Committee.

The BWF reserves the right to amend the Statement from time to time.

1. EVENTS IN THE COMPETITION

The competition in Badminton must comprise all the following:

Men's Singles
Women's Singles

2. PERIOD OF COMPETITION

This will vary according to the number of competitors, but must always be at least six days. In 2018, the competition will be played over six days. The schedule assumes three sessions of play each day until the later stages of the competition.

3. NUMBER OF COMPETITORS

The number of competitors for 2018 is 64. The IOC decides the number of competitors.

4. TECHNICAL OFFICIALS

Officials fall into the following categories and numbers:

Appointment of the Line Judge Co-ordinator and Line Judges does, nonetheless, require BWF approval. The BWF, if desired, must be involved in the training of Line Judges.

5. BWF OFFICIALS

5.1 In addition to the President and Secretary General, members of the BWF Secretariat play a variety of roles at all major events, including the Youth Olympic Games. Those expected to be in attendance are:

6. ACCREDITATION

It is essential that all BWF staff, including those at 5.2, be given the necessary accreditation to all operational areas to enable them to access all parts of the Competition venue.

7. BWF REPRESENTATIVES

The BWF Representatives, comprising the President and Secretary General normally attend the Games.

8. COMPETITION VENUE

8.1 **Field of Play.** The floor of the field of play must measure not less than 46 metres by 30 metres. The uninterrupted height above the floor must be not less than 12 metres. [Note: the field of play is bounded by the first row of seating for spectators or others not involved in management of the competition].

8.2 **Flooring.** The surface on which carpeting and court mats are placed must be a wooden, sprung floor approved by the BWF.

8.3 **Court Equipment.** Court mats, posts and nets for three competition courts and three warm-up courts must be procured only from sources authorised by the BWF.

8.4 **Shuttlecocks.** Shuttlecocks must be procured only from sources authorised by the BWF. A secure room must be provided for the storage of 300 dozen shuttlecocks, of at least three speeds (these will vary according to conditions in the Competition Hall).

8.5 **Lighting.** The positioning and lux requirements of lighting over the field of play may vary according to the nature and structure of the competition hall. Lighting must be situated at least one metre outside, and at least 12 metres above, the court boundaries. There should be no direct glare from lighting into the eyes of players on court. A lighting level of 1400-1600 lux is required on the court, when measured holding the light meter in the vertical plane at right angles to intended TV camera shots. Court lighting must be capable of immediate response to the on / off switch. There must be no external sources of light through windows etc. Lighting over spectator areas must be capable of being dimmed during play.

8.6 **Background.** The walls or any material covering the walls, 'A' boards and other interior surrounds (including seating) to the field of play must be of a dark colour. Light colours – white or yellow, for example – must not be used. [Note: according to lighting placements and the height of the ceiling above the lighting, it may also be inappropriate for the ceiling to be of a light colour]. Backgrounds of any "look and feel" 'A' boards must meet with the BWF approval.

- 8.7 **Air movement.** The field of play must have minimal draughts or other air movement. Where air-conditioning is normally used, special attention must be paid to its effects. Double-door (air-lock) entry / exit points must be provided.
- 8.8 **Seating.** A minimum of 2,000 seats is required. This number includes Youth Olympic Family requirements.

- 8.10 **Coach videoing.** Physical provision must be made for team coaches to video matches involving their players, as is generally allowed at all BWF events. These videos are for private use and analysis only, and users can, if desired, be required to sign appropriate commitments as to use of the tapes.

9. TELEVISION and INTERNET COVERAGE

A hall (or halls) with four or more courts is required for training before and during the period of competition. These are in addition to the three warm up courts (which can also be used for training prior to the start of competition). Distance from the Athletes’ Village is more important than that from the Competition Hall. Although it may not be possible to replicate the exact conditions of the Competition Hall, the uninterrupted height above the courts must be at least 10 metres.
